

Press Release

The Lansinoh Double Electric Breast Pump Is Here

Byram Healthcare is proud to be carrying the latest from breast pump manufacturer Lansinoh. The [Lansinoh Signature Pro Double Electric breast pump](#) can now be ordered from [Byram Healthcare](#) and thanks to the [Affordable Care Act](#), it's completely covered by insurance.

Byram Healthcare is a leading carrier of insurance covered breast pumps. The [Lansinoh Signature Pro Double Electric breast pump](#) is compact and quiet, perfect for women seeking an everyday pump that's also portable. The latest Lansinoh breast pump has three pumping styles and eight adjustable suction levels. This allows mothers to find the ideal balance of comfort and suction to maximize milk production.

Breast Pump Product Manager for Byram, Andrew Dahl is pleased about the newest addition to Byram's line of breast pumps. Dahl states, "We (Byram Healthcare) are excited about the addition of Lansinoh to our product offering as it meets our commitment of providing the best selection choice of breast pumps to our customers. Lansinoh is well regarded for its breast pump accessories and is a leader in this area."

BPA and BPS free, the hygienic Lansinoh Signature Pro Double Electric breast pump features a closed system design, preventing the growth of bacteria and milk contamination. A prominently displayed LCD screen makes it easy to keep track of how long you've pumped. The Lansinoh Double Electric Breast Pump also comes with accessories, including a handy storage/travel bag.

Mothers can now receive the technologically advanced Lansinoh Signature Pro Double Electric Breast Pump from Byram Healthcare. The first breast pump to feature three pumping styles and eight adjustable suction levels, the Lansinoh Signature Pro is a great choice for nursing mothers.
