

Custom Cutting Order Form

In order to have your ostomy skin barriers custom cut, please follow these 3 easy steps:

1. LIST the items you wish to have custom cut, including product numbers*

*Please note, 1-piece ostomy appliances and pre-cut skin barriers cannot be custom cut.

2. MEASURE your stoma to determine your cutting size

A stoma measuring guide is helpful when determining your stoma size. Measuring guides are found in most boxes of ostomy skin barriers and are also available at no charge from Byram Healthcare.

Stoma shape to be cut (please check one):

ROUND Size to be cut: _____

Example: If you request a cut size of 1 ¼ inches, you will receive your supplies cut to 1 ¼ inches in a perfectly smooth cut round opening.

OVAL Size to be cut: _____ x _____
Horizontal Vertical

For oval shaped stomas, please measure the horizontal (left to right), then the vertical (head to toe) measurements. Example: 1 inch by ½ inch

Measure across
(horizontal)

Measure down
(vertical)

3. SUBMIT your order

To place your order, call Byram Healthcare's Customer Service Team at 1-877-902-9726, or fax your order form to 1-866-811-4500. Please allow extra time for delivery.
