Mediq finalizes acquisition A-Med in US

Utrecht, 3 December 2012 – The California Board of Pharmacy has approved Mediq’s acquisition of all assets of A-Med Healthcare. Following Diabetes Specialty Centre (DSC), this is Mediq’s second acquisition in the United States in 2012. Mediq has been active in the US with Byram Healthcare since 2008.

The acquisitions will enhance Byram’s position in the large but fragmented US market. With A-Med Byram establishes a leading position in the California home care market. A-Med delivers mainly urological products, like catheters, to patients in California. Mediq announced the acquisition of A-Med in a press release on 2 October 2012. The A-Med results will be consolidated as per 1 December.
